BD

TITLE SPONSOR

MONDAY SEPTEMBER 30

11:30am–7:00pm

SUPPLIER REGISTRATION

11:00am–4:00pm

PROVIDER REGISTRATION

This special Provider Registration is for all Pharmacy Leaders and GPO Executives. Relax and enjoy a light meal and networking with your peers as you register for the conference. Lunch for Providers will be served between 11:00am and 3:00pm.

Sponsored By:

11:30pm–4:00pm

SUPPLIER SHOWCASE

Select Suppliers will showcase their products, services and technology. Showcases are designed to provide a limited number of supplier attendees with an opportunity to demonstrate their products, services and solutions for the provider executives. To maximize this experience for everyone, only Providers and Supplier attendees from companies with a showcase exhibit will be permitted into the showcase area. Please contact us to learn how you can participate. Please note that lunch is not provided for Suppliers or Showcase exhibitors. There are several restaurant outlets in the Convention Center, hotels and nearby which are available at your convenience.

2:00pm–2:30pm

SUPPLIER ORIENTATION

All Suppliers are welcome to attend this orientation meeting. This informational orientation meeting is an excellent opportunity for first time Supplier attendees to gain a clear understanding of our conference, specifically the **reverse** expo and how it works.

4:15pm–5:30pm

PROVIDER ORIENTATION & SPONSOR SPOTLIGHT

All Pharmacy Leaders and GPO Executives are required to attend this orientation meeting, which will provide important information pertaining to the conference and introduce a few of our sponsors.

5:30pm–6:00pm

9:45am–10:45am

EDUCATIONAL SESSION

TRANSITIONS OF CARE TO THE HOME-SPECIALTY AND INFUSION PHARMACY MARKET OVERVIEW

BRIAN HARDY, RPH, MBA, - AVP AMBULATORY PHARMACY

Brian brings over 25 years of experience in the health care industry. He has experience and knowledge in multiple retail and ambulatory pharmacy market segments and currently provides direction and support for Vizient's Pharmacy Advisory work related to ambulatory pharmacy. Brian is responsible for helping health care organizations identify opportunities for implementing or expanding ambulatory, central fill and/or home delivery and specialty pharmacy operations, including review and recommendations regarding current ambulatory pharmacy operations.

Prior to joining Vizient, Brian was with Intermountain Healthcare where he created the vision and strategy for their central fill, home delivery and specialty pharmacy initiatives. Brian also grew the home delivery/specialty pharmacy 200% to support the health system. In addition, Brian was a Director at Blue Cross Blue Shield of Michigan where he was charged with oversight of self-funded plans, including rebate and contractual pricing guarantees from the pharmacy benefit management program.

Sponsored By:

LEARNING OBJECTIVES

AFTER ATTENDING THIS PRESENTATION, ATTENDEES WILL LEARN TO:

- *Describe the current specialty and infusion pharmacy market:*
 - *Specialty and infusion pharmacy health system trends*
- *Discuss National market trends shaping specialty and infusion pharmacy*
- *Identify factors contributing to specialty and infusion pharmacy success*

TUESDAY OCTOBER 1

11:00am–12:00pm

EDUCATIONAL SESSION

WEIGHING IN ON A NEW ERA OF ANTI-OBESITY MEDICATIONS

RABIAH (BEA) DYS, PHARM.D.

Rabiah (Bea) Dys, Pharm.D., serves as Senior Vice President, Clinical Services and Program Development. Bea earned two Bachelor of Science Degrees, in Biochemistry from Boston College, and in Pharmacy from the Massachusetts College of Pharmacy and Allied Health Sciences in Boston, and her Doctor of Pharmacy degree from the University of Colorado Health Sciences Center in Denver. Early in her career Bea practiced in the areas of pain and palliative care and psychiatry. In more recent years, she has been leading a team of experts in varying therapeutic areas to develop clinical and quality programs aimed at elevating pharmacy practice. She is also certified in evidence-based medicine, biostatistics and pharmacogenomics.

Bea has decades of experience in a variety of healthcare settings - inpatient, outpatient and long-term care. Her team is constantly identifying, defining, developing clinical and safety initiatives that foster and promote pharmacy practice excellence and focus on outcomes. She works with leadership teams, pharmacy specialists and field clinicians to develop programmatic strategies around stewardship program expansion (biologicals, proton pump inhibitors, antimicrobials, opioids, deprescribing etc.) medication surveillance, healthcare reform and value-based pharmacy practice initiatives. Her team collaborates with clinicians to maintain current and innovative quality information for field practitioners and supports their work on outcomes study research and publication opportunities.

In addition, Bea is the Director of a first in kind, Health Equity and Systems Thinking Fellowship and teaches and mentors pharmacy residents in evidence-based medicine research.

Sponsored By:

LEARNING OBJECTIVES

AFTER ATTENDING THIS PRESENTATION, ATTENDEES WILL LEARN TO:

- *Compare anti-obesity pharmacotherapy options with a focus on GLP1 agonist and SGLT2 inhibitor classes*
- *Analyze demonstrated outcomes based on comparative data for efficacy and safety*
- *Integrate health equity and literacy patient imperatives when managing obesity and related comorbidities*
- *Examine practice challenges around drug shortages, compounding practices and inpatient formulary management*

HOSPITAL AT HOME, WAVE OF THE FUTURE

CO-PRESENTER:

SUSAN MARX MASHNI, PHARM D, BCPS

Dr. Mashni is currently the SVP and the Chief Pharmacy Officer for the Mount Sinai Health System in New York City. In this role, Sue oversees pharmacy practice across the eight Mount Sinai hospitals, the 340b program, as well as ambulatory, retail, clinic, specialty and home infusion pharmacies at Mount Sinai. In addition, Dr. Mashni oversees Mount Sinai's Pharmacogenomics program, a robust investigational drug service, Hospital at Home, a Pharmacy Technician Training Program and Mount Sinai Pharmacy-run PBM service for employees. Dr. Mashni also serves as an Associate Professor at the Icahn School of Medicine, where she is a member of the IRB and helps to oversee pharmacy involvement in investigational drug research.

Dr. Mashni is also on the advisory boards for the Long Island University College of Pharmacy as well as the University of Cincinnati College of Pharmacy and serves on the several national advisory boards, including Cencora, Premier and Epic Pharmacy Advisory Boards.

Sponsored By:

LEARNING OBJECTIVES

AFTER ATTENDING THIS PRESENTATION, ATTENDEES WILL LEARN TO:

- Understand the history and goals of the Hospital at Home program
- Gain knowledge regarding the operationalization and optimization of a HaH program
- Understand the 'nuts and bolts' of medication distribution and administration in a large academic HaH program
- Conceptualize the coordination with other ambulatory pharmacy services including home infusion, hospice and retail pharmacy
