BELONGINGNESS: ACCELERATING HIGH-TRUST, RESILIENT, AND REWARDING RELATIONSHIPS

SHASTA NELSON

Did you know that over 60% of our employees are lonely, which directly increases turnover, hurts resiliency, lowers creativity, and compromises physical and mental health?

As a go-to leading expert on relationships for over a decade, Shasta Nelson inspires her audience with the science of bonding, teaching them the 3 things that will lead to high-trust, resilient, and rewarding relationships at work and at home. Whether she's speaking at conferences or on TEDx stages, giving media interviews to outlets such as The New York Times and The Washington Post, or appearing as a guest on The Harvard Business Review podcast or The Steve Harvey Show, she is constantly teaching all of us how to create healthier and more fulfilling relationships in our lives. She has written 3 books on the subject, including her latest one *The Business of Friendship: How to Make the Most of Our Relationships Where We Spend Most of Our Time* as she helps reduce loneliness and increase wellbeing in our workplaces.

Whether she's working with your leaders, your sales teams, your remote workforce, or your customer-facing professionals, Shasta will reveal the three factors needed to cultivate all healthy relationships. In making the science immediately actionable, Shasta also motivates those she works with to establish rituals and practices that will quickly lead to resilient, high-trust, and rewarding and bonded relationships. These stronger bonds will lead to greater loyalty and retention, elevated levels of co-creation in the marketplace, a more differentiated customer experience, and increased happiness and engagement for all involved.

LEARNING OBJECTIVES

AFTER ATTENDING THIS PRESENTATION, ATTENDEES WILL LEARN TO:

- Evaluate their own personal relationships for greater health and happiness
- Boost trust and connection around you between leaders and with team members
- Take actionable steps toward more fulfilling relationships
- Increase employee retention, engagement, and collaboration
