WHAT IF?

MIKE RAYBURN

Mike Rayburn is a two-time TED Talk Presenter, an innovative entrepreneur and Hall of Fame speaker who uses world-class guitar and comedy to teach change and innovation to corporations world-wide. He has headlined Carnegie Hall, headlined in Las Vegas, and performed more than 5,000 presentations in 20 countries on five continents. Rayburn is a regular on Sirius/XM and morning radio nationwide. He has performed as guitarist with The Beach Boys and John Oates. Rayburn's keynote is called "The What IF? Keynote Experience." You will learn three simple tools for harnessing your unrealized potential, creating and leading change, and becoming a virtuoso performer. You'll hear amazing music including a solo guitar version of Bohemian Rhapsody. Oh, and you laugh a LOT! No one does what Mike Rayburn does.

LEARNING OBJECTIVES

- Learn three powerful tools to access their unrealized potential
- Create change, rather than manage change
- Discover the opportunities they're currently missing
- Set and achieve bold, empowering goals
- Embrace their uniqueness as their competitive edge

OPPORTUNITIES FOR CENTRALIZED AND SHARED SERVICE PHARMACY FUNCTIONS - CASE STUDIES AND LESSONS LEARNED

CO-PRESENTER:

JONATHAN LAKAMP, PHARM.D., BCPS CHIE

Jon Lakamp provides executive/operational oversight to all pharmacy/medication use functions within Mercy Health, an integrated delivery network based in St. Louis, Missouri with over 50 hospitals and 60 retail/specialty pharmacies in Missouri, Illinois, Arkansas, Oklahoma and Kansas. Jon has Bachelor of Science and Doctor of Pharmacy degrees from the University of Health Sciences & Pharmacy in St. Louis (i.e. St. Louis College of Pharmacy). He went on to complete a Pharmacy Practice Residency with Virginia Commonwealth University Hospitals and is Board Certified in Pharmacotherapy. He has been with Mercy since 1990. Prior to his current role, Jon worked in Mercy's supply chain division/group purchasing organization providing contracting, operations and consulting services in pharmacy, laboratory and diagnostic imaging service lines.

CO-PRESENTER:

KEVIN THOMAS ROCHE, PHD

Kevin Roche, PhD, leads Banner Health's Pharmacy Preparation and Dispensing service line and has been with Banner Health for 19 years, with 9 years as a leader in the Pharmacy division. In his role, Kevin's department is focused on delivering cost savings and quality through pharmaceutical procurement, inventory management, analytics, and central sterile compounding and pharmaceutical warehousing. In his role, he has gained experience with oversight of 503A and 503B operations, business development in ambulatory infusion services, 340B growth and optimization, wholesale distribution, and strategic medication sourcing. Kevin has led large-scale projects across the Banner Health system focused on standardization, efficiency improvement, and operational metric development. Kevin holds a PhD in Industrial Engineering with a focus on Operations Research from Arizona State University.

LEARNING OBJECTIVES

- Compare and contrast approaches that different health systems have taken when implementing internally focused, centralized-pharmacy service centers (CSC).
- Discuss factors (regulatory, operational, financial, and/or clinical) that health systems should consider when evaluating CSC or other shared pharmacy functions.
- List 5 services that could be considered for implementation into a CSC model
- Describe lessons learned from other health systems who have implemented CSC services.
